DOGGY STORY : JILL

Born: 3/2023

Rescued: 3/2023

Adopted: 6/2023

No: 255

We received a call from our friends at the Castro Marim municipal canil.... a bag containing 10 puppies had been found by a dog walker, only hours old! We were asked to take them as bottle feeding would be essential. We took on 7 puppies but sadly one didn't make it and passed away at 9 days old. Fortunately, the other puppies were also taken on by some kind people. The wonderful incubator that we received as a donation was put to great use and thankfully, growth and good health became the order of the day. We named them (all names starting with J, except Licorice!) and they've had all their Vet checks and vaccinations. Jackie was the first to be rehomed to a lovely family in Moncarapacho.... the rest of the litter has gone to our associates in Holland where they'll be allocated to families there who are waiting to adopt.

They have all grown into gorgeous puppies..... full of energy and loving cuddles.

Jill is one of two brown/black girls.... lovely!
