**BOLITA**, a Sheepdog/SpanielX was a working sheep dog whose owner is a CDH neighbour.... she was pregnant, unwell and really struggling, still having to work until the last moment. Once the puppies were born, Sharron took on the mother and all 7 puppies, convincing the owner that being fed by their mother was preferable to bottle feeding. Finally, terms were agreed. Although the owner refused to sterilise **BOLITA**, Sharron managed to organise that a six-monthly contraception injection would be administered. CDH will ensure that these injections are administered, as well as taking care of any other necessary medications. Thankfully, CDH managed to organise \*5-Families for all the puppies.

CDH was forced to return **BOLITA** to the neighbour. Recently, it became clear that because he no longer valued her "sheepdogging" abilities, he wanted to surrender **BOLITA** to CDH. The paperwork was done and **BOLITA** was Vet-checked. Her vaccinations were done and the sterilisation has been booked. She weighs around 16kg. **BOLITA** is part of the doggy walking group and she's doing brilliantly.

So happy to see Sharron!

Here with her pups... **BOLITA**  
had quite a time with these  
energetic, playful babies!

Doing so well out on the lead,  
considering..... adapting so  
easily to a new skill.
