

Cacela Dog Haven

.....every dog deserves a loving home

DOGGY STORY : BALA (Podengo)

Born: 3/2022

Rescued: 11/2022

Adopted: 7/2023

No: 261

Because Sharron will be away for a while and obviously, we can't take any dogs during this period, when Bala came along she urgently sought a foster home. As some of the shelters are overflowing and with our local canil dealing with a Parvo outbreak, Sharron was deeply concerned with Bala's safety.

This lovely girl weighs about 6kg and was found with a chip registered in Lagos, but none of the information on the chip was valid. The GNR were involved with trying to track down her owners.

Bala is very friendly and quite timid and once her Vet checks have been done and she's sterilised, she'll be available for adoption.

Bala was adopted in June 2023 and will find her "golden basket" in Victoria Park in London.
