MERRY was part of Lydia's litter of five. A gentleman in Spain noticed Lydia in a field with her puppies. He struggled to catch them and finally, he was able to hand them over to CDH. Merry was adopted locally, but the adoption failed. As a result of her experience, she's wary of strangers but does extremely well on the lead and is an absolute dream around those that she knows well.

Cacela Dog Haven

..... every dog deserves a loving home!

MERRY has been adopted!!! The perfect arrangement for a little girl who is shy and takes a while to get to know people. Kaiser is a CDH dog walker and she volunteers for other duties too. They live close to the haven and there's no doubt that we'll get to see the lovely Merry from time to time.
