Bolita is a working sheep dog whose owner is a CDH neighbour.... she was pregnant, unwell and really struggling, still having to work until the last moment. Once the puppies were born, Sharron took on the mother and all 7 puppies, convincing the owner that being fed by their mother was preferable to bottle feeding.... finally, terms were agreed. Although the owner refused to sterilise Bolita, Sharron managed to extract an agreement that accommodated contraceptive injections every six months.... CDH will ensure that these injections are administered, as well as taking care of any other necessary medications. The puppies are GORGEOUS and having been vaccinated and fully checked, they are ready for their forever home!!! We're thrilled that Bramble has been adopted by a family who live in the countryside and have another Sheepdog.... Bramble is going to love that!
